

# COMMON LAW COURSE WITH A DIFFERENCE

A few of the many reasons why you need to attend and enjoy an unforgettable weekend.

1. No hidden agendas
2. Examples used are very practical and not just out of a textbook
3. Our courses have been and continue to be essential for the creation and the continuance of the common law movement in Australia.
4. We are the only group to have used the common law tools to directly empower the individual to actually live and practice their inalienable rights.
5. We teach people The Australian Constitution
6. We teach people techniques for dealing with authority and the courts.
7. Graduates of our courses have turned to victory legal matters which they would otherwise have lost.
8. UPMART is common law in action. We are the doers. We are not afraid to stand for that which we believe.
9. Malcolm is the hub for many class actions which include **Right of Representation**, road legislation, intervention by the DPP (Director of Public Prosecutions) who makes police immune from prosecution, fluoride, TGA, common law dental boards, common law medical boards and more.
10. Interest has now come from overseas. i.e. Robbie The Pict removed the tolls from the bridge to the Isle of Skye. Some of their people now want to attend Malcolm's common law course because of the unique way we are dealing with common law.

From the helpers at UPMART 14/05/05.

*Founder of UPMART, Malcolm M<sup>c</sup>Clure, has developed the tools that were always there but which you never knew you had. He has created the necessary legal instruments that have broken the chains of slavery and iniquity. You now have the opportunity to hear the message and feel the spirit of the man who made it all come true. You are being invited to attend an **UPMART Step 1 Freedom Seminar**.*

Remember to bring a pen and writing pad.

***Step 1 Seminar***      7 pm for 7:30 pm

***Common Law Course***      Location given at the Step 1 Seminar.

# UPMART COMMON LAW COURSES

Did you know that sections within your

## *Australian Constitution*

codify rights that protect you?

## **Section 116 is one of these.**

Do you know what s116 is and how it protects you OR how to use it to uphold your rights?

Did you know that only a very few electors are upholding their rights. It is likely that **you are not one** of these electors! **Are you the sort of person that is going to stand by and let your rights be taken away without even a whimper? Or will you defend them?**

Do you know the legal processes and requirements for creating **Notices of Demand, Notices of Dispute** and other Notices?

Do you know how to defend yourself against parking fines and speeding fines?

Do you know what a judicial review is and how it can benefit you?

Only a small percentage of people know their rights and an even lesser number have knowledge of the legal tools needed to uphold them. Most people don't bother to learn how to defend themselves at law until it's too late. Wise people equip themselves before the event.

*Do you want to equip yourself with essential legal tools OR will you wait until a crisis happens? Maybe you've already paid a parking fine that you thought wasn't fair or maybe you've already paid too much for solicitors or barristers.*

## **LEARN THE LEGAL TOOLS OF POWER!!**

UPMART has pioneered the way. At our common law courses we empower you with the tools you need to save thousands of \$ and **Create Freedom** for yourself.

Avail yourself of the **UPMART initiatives**. Attend the **UPMART Step 1 Seminar, \$20**, to qualify to attend an **UPMART Common Law Course (UCLC) held over a weekend, \$480 (concessions available)**. Attendance at the **Step 1 seminar** is a prerequisite for the **Common Law Course**, and the **Common Law Course** is a pre-requisite to qualify to be a member of UPMART. Attendees **must register** prior to commencement of the Step 1 and UCLC.
